

# Global Changes

Written by Sarah Edwards

1. What is climate change?
2. Explain what global warming is.
3. How do people contribute to global warming?
4. Explain what the Greenhouse Effect is.
5. Why do you think rising sea levels are a problem?
6. How is global warming changing people's lives? Make a Pro's and Cons table in your book:

Pros (good things)	Cons (bad things)
*	*
*	*

7. What is interesting about Venice?
8. Why do you think the Pacific Islands are particularly at risk of sea level rise? What could happen to them?
9. What do you think we(Gordonton) could do to help prevent the effects of Global Warming?
10. How might Gordonton / New Zealand be effected by Global Warming?

## **Fast Finishers**

Make a poster to raise awareness of Global Warming:

You may like to focus on

- What can be done to help slow or prevent Global Warming
- Identify the causes of Global Warming
- Identify the risks resulting from Global Warming

Read '[Eaten Alive](#)' about small West Coast settlements as they live with the effects of Global Warming and sea level rise.

In your own words, summarise what this article is about, covering all of the main ideas within it.
