## SMART GOALS (Specific, Measurable, Achievable, Realistic, Timely)

Goal Statement	What I need to do to reach this goal	Obstacles (What might stop me)	Solutions
<b>Maths</b> <i>Improve the speed and accuracy of my basic facts, particularly 7x tables. My goal is to score 95+ in under 7.00 minutes</i>	<i>I must practice the basic facts for 5-10 minutes 3 or more times a week. I will use Sumdog at least twice a week</i>	<i>The only thing stopping me from doing this is ME watching TV when I get home rather than practicing</i>	<i>I'll ask Mum or Dad to help me practice by asking basic facts questions. Each question I get wrong I will do 5 press-ups.</i>
<b>Reading</b> <i>Improve the fluency of my reading when reading aloud.</i>	<i>I must read aloud at least four times a week. This could be to someone else or to myself.</i>	<i>The only thing stopping me from achieving this is a lack of suitable books at home.</i>	<i>I will get books from the library each Monday and take journals from the box in class.</i>
<b>Writing</b> <i>Improve the quality of my writing by looking to add as much interesting and descriptive language as possible.</i>	<i>Carefully check and recheck my work regularly. I will make sure I take time to add everything the reader needs to know and use a thesaurus to help find more interesting words.</i>	<i>The only thing stopping me from achieving this is MYSELF rushing to get finished first.</i>	<i>Take my time to carefully read through what is written. Ask others if there is anything I can do to improve the writing.</i>
<b>Other e.g Time Management</b> <i>Make sure that I complete work to the highest possible standard by the due date.</i>	<i>Ignore distractions and focus on what I need to do. Take work home for homework when it is not going to be done on time,</i>	<i>There is nothing stopping me from achieving this goal.</i>	<i>Ask for help if I don't understand and Take work home if I know it is not going to be finished on time.</i>
