Read to page 17

8. How did photography change in 1888?
9. Explain how photography changed the world in the 1900's?
10. How does a digital camera differ from an earlier camera?

Extra for experts

- Create an information chart about the camera.
- Collect the things required to make a camera obscura.
- Use a camera to take the one best photograph. The photo can be printed and the best one will be voted by the class.
